Model 50921-24 Bariatric Seating

Introducing the Bariatric Stacker! These chairs are generously sized versions of our best selling model 921 and 917, perfect for dining and conference rooms. The frame is a welded construction of 1.25" superior grade, heavy gage tubular steel. The seat has a 3/4" wood foundation, supported its entire length and width with steel beams. These frames have been static load tested to an amazing 6000 lbs!
